The old Eagle going it with a Rush!

THE EAGLE
STEAM FOUNDRY!
—OF—
TURTON & SERCOMB,
295, 298, 300, 302 and 304 West Water St.

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

in any department.

In regard to the character of the work got up by this

The Oldest Establishment in the State

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "*Excelsior.*"

From Our New York Correspondent.

NEW YORK, Dec. 29.

It is feared, by the accounts by the last steamer from Liverpool, that the rumor by a previous steamer of the safety of the Captain and seven passengers of the ill-fated French propeller *Lyonnaise* are altogether unfounded, and is but the echo of the statements from this side of the rescue of the first mate and some of the passengers, who were brought into this port, it may be remembered, last month. The hopes even of the hopeful—and that in such a case means especially mothers and wives—had nearly died out before this cruel rumor came to revive them, with the too certain issue, I fear, of a second mortal disappointment. We are at this moment under apprehensions about the fate of another steamer, the *Hermann*, of the Bremen line. She may have encountered the gale which disabled the Cunard steamer *America*, and caused her to put back. The *Hermann*, though she has been running some years, is reputed a staunch vessel, and if disabled in machinery or spars would still be equal to the dangers of the sea. The next steamer from Europe may bring us news of the Hermann's putting back, too.

The Holidays here have been joyous and tranquil. The great popular holiday, however, our New Years' Day, is yet to come, and then we are accustomed to see carousing carried to its extremes. As at present understood, there is no other law regulating the sale of spirituous liquors, or restraining drunkenness, than that which each individual makes for himself—for the stringent provisions of the Prohibitory Law of last year being pronounced unconstitutional, the whole statute embodying those provisions, and which purported to repeal all existing laws on the same subject, falls at the same time, and we are—so at least it is reckoned by the sellers—without any law. If, in this state of the law, the New Years' Day shall not be marked by any great excesses, it will be an argument in favor of the *let alone* policy that will have full weight.

Congress is presenting a not very edifying spectacle—doing nothing, yet holding on to its pay. It was certain beforehand that during the holidays nothing would be done, and honesty and fair-play therefore seemed to call for an adjournment of a week or ten days. But such an adjournment would have cut off $8,00 a day from each member, to be deducted from his annual salary of $3,000, which the members of Congress voted to themselves last session. To avoid this deduction the two Houses meet from day to day, or adjourn over for *three days*, which they can do without forfeiting any pay, and then, meeting again on the third day, adjourn for another three days. Meantime many members are absent, and these are the most fair dealing, because their *per diem* will be stopped.

We are sure to have in the U. S. Senate a practical exhibition of the evil to the interests of the whole nation of the spirit of Slavery propagandism and fillibustering, if indeed the terms be not identical almost, in import. The treaty made by Mr. Dallas, under the instructions of Secretary Marcy, settling the long disputed question between this country and England—respecting the Musquito protectorate, &c., and the Clayton and Bulwer treaty—is soon to be submitted to the Senate. It has already been published, having been surreptitiously obtained by the *Herald* of this city, and it seems on its face a fair and reasonable settlement of all the points in controversy, whereby England surrenders pretensions to the Bay Island, and the protectorate of the Sable Majesty of the Mosquitos, which were offensive to this country; while we practically renounce the extreme pretensions sometimes urged as the "Monroe doctrine." But this treaty does not look, in any shape, to the re-establishment of Slavery in Costa Rica, Nicaragua, or elsewhere, nor to the recognition of the fillibustering plans of Walker and others. Hence will arise the opposition; and we shall have Percy Walker of Alabama, and Douglas of Illinois, and possibly "the effete statesman!"—for that term has been applied to him sometimes—of Michigan, rampant in the Senate against "arrogant England," and about humiliated America, and Freedom—meaning thereby the freedom to hold slaves—wounded in the house of its friends. It is conjectured, too, that as this treaty was negotiated by Mr. Dallas, between whom and the incoming President—both being from Pennsylvania—it is reported there is no love lost, there will be no great effort on the part of Mr. Buchanan's friends in the Senate to ratify a treaty that might put a laurel on the silvered head of Mr. Dallas.

The country and its honor and interests, do not count for much, it is to be feared, in the political conduct of the mass of those whom the caprices of party have made Senators of the so-called Democracy.

THE ELECTORAL VOTE OF THIS STATE.—Somebody has been hoaxing the N. Y. *Tribune* with the story that the electors of this State, being unable, from delays caused by the severe storm, from arriving at Madison on the day appointed for casting the vote, adjourned without casting it at all. All moonshine—the vote was cast next day, and cast for Fremont and Dayton. It will turn up when the counting day comes.

VERY MEAN.—Mr. Wilson stated a new fact, in his late speech in the Senate, respecting Prof. Hedrick, who was dismissed from the University of North Carolina for holding Fremont opinions. The Professor held a petty place under Government for the little stipend of $500 per annum, as computer on the Nautical Almanac. After he was driven from the South, he went to Cambridge and found that he had been removed from this two-penny place, because he held *opinions opposed* to the Administration!

PROPELLERS FOR THE LAKE TRADE.—There is likely to be greater competition this year than last in the transportation business. We published on Saturday a list of vessels being built at Buffalo, by which it is seen that the line running thence to the upper lakes in connection with the N. Y. Central Railroad will this year consist of *thirteen* propellers. Six or seven of them will be new.

AN INDIAN REPUBLIC OR TWO.—Twenty-five Dakota families, living at Hazlewood, some 40 miles above Fort Ridgely, on the St. Peter's river, have renounced their tribal character, donned civilized dress, and formed themselves into a sort of Republic, with a written Constitution, President, &c. They are intelligent and industrious, and have wheat and corn to sell.

At the Red Wood Agency there is a similar organization, with some ten or twelve families uniting in it.

The Complaint Against the State Prison Commissioner.

WAUPUN, Jan 1, 1857.

Messrs. Editors:—An article appears in the Madison *Argus* of the 2d ult. charging Mr. Jas. Giddings, Esq., with being the prime mover in the investigation against McGarry, State Prison Commissioner.

The undersigned are *personally* knowing to the fact, that such statement is entirely without foundation so far as Mr. Giddings is concerned. He has nothing to do in the matter *directly or indirectly*.

MONEY MATTERS IN NEW YORK.—The *Tribune* of the 1st gives a long list of dividends and interest coupons to be paid about this time in New York. Among them we notice the bonds of this city loaned to the Milwaukee & Horicon R. R., which were to be paid at the Bank of the Republic, together with the interest on the farm mortgage bonds of the same Company.

The *Tribune* says:

The disbursements of the first days of the year will be very large, reaching an aggregate of probably $8,000,000 in interest, dividends, and principal. This includes about $660,000 interest on the Public Debt, $3,500,000 by the Ohio Trust Company in principal and interest of the debt of Ohio, &c., $1,100,000 by Winslow, Lanier & Co., $83,000 by the Bank of the Republic for the interest on the debt of Virginia, $122,500 by the Erie Company, and large sums by Duncan, Sherman & Co., Clark, Dodge & Co., Atwood & Co., &c., for railroad interest, and by the banks and insurance companies. As far as we can learn has never been an interest paying season arrive when the railroads of the West have responded with so much promptness and with so little necessity for resource to loans for the payment of their coupons. This is a gratifying evidence of the condition of their traffic and the general good management.

DUTIFUL.—David Prentice, of Geneva, an old teacher, and many years ago Principal of the Utica Academy, has received $500 as a holiday gift from five of his pupils. Among the donors are ex-Governor Seymour and Hon. Ward Hunt of Utica. Mr. Prentice is now nearly 70 years of age, and is in the annual receipt of this sum from his old pupils.—*Exchange.*

The gift honors the givers. Mr. Prentice, after a long and laborious life, spent in teaching, finds himself in narrow circumstances, approaching the grave. It is but meet that those whose steps he guided in their youth, should help to sustain himself in his honorable old age.

☞ A correspondent of the N. Y. *Herald* states that the Navy Department have determined to subject the application of the "Nautilus Sub-Marine Company," for the sale and use of their machine at the different naval station, to the severest scrutiny, and has ordered a board, consisting of experienced engineers, to examine and report upon its merits. The Norfolk Navy Yard is indicated as the point for the experiments.

☞ It is stated that private advices have been received at the seat of government from Washington Territory to the effect that the Indian chief, Leschi, the leader of all the marauding bands, and the terror of the whole country, has been captured, and was to be executed in a few days. This, says the letter, will restore peace and quiet throughout the Territory.

BLOCK ISLAND.—Senator James has introduced a bill into the United States Senate, for a harbor on Block Island, to be made by cutting a ship-canal 1,000 yards long from the Beach to a point in Island pond. This pond is a mile and a half long, a mile wide, 22 feet in depth and well sheltered. The cost is estimated at $200,000.

Interesting Foreign Items by the Niagara.

GREAT BRITAIN.—Transports are being taken up in England for reinforcements to the Indian Expedition against Persia. Eight regiments have orders to be in readiness.

Capt. Harstene and the officers and crew of the Resolute are to return home in a British ship. From want of time, they had to decline invitations to dine with the Geographical Society, and other public bodies. Three thousand persons visited the Resolute after the Queen left. The Queen sent £100 to be distributed among the crew.

The old Arctic discovery ship Resolute—recovered by an American whaling ship, and presented to the British nation by the United States Congress—arrived at Spithead on the 12th ult., under the command of Capt. Hartstene of the United States Navy. She was under American colors, but on letting go her anchors, the British ensign was run up alongside the American; and on the following day, exchange salutes being fired, the Resolute changed her colors to British. On the morning of the 12th, Capt. Hartstene landed at Portsmouth, and paid official visits to Chevalier Pappalardo, the United States Vice-Consul, and the military and civil authorities.—An invitation to a public banquet, by the Corporation and inhabitants of Portsmouth, has been accepted by the Captain and officers, but the day is not yet fixed, and every mark of respect has been paid to the American officers. The Resolute was towed up to Cowes on Monday, the Queen having intimated her wish to pay a visit to the vessel, and the steam frigate Retribution was also sent up to salute on the occasion, and several gun-boats and other ships were stationed in the roads. The Queen and Prince Albert, accompanied by some of the royal children, paid their visit about 10 o'clock on Tuesday morning, the 16th, the English and American flags flying at the peak of the Resolute, and the Royal standard was hoisted at the main as soon as her Majesty stepped on board. Capt. Hartstene received the Royal party—the officers grouped on either side in full uniform. The following gentlemen assisted in the reception of her Majesty: Mr. J. R. Croskey, United States Consul; Chevalier Vincent Pappalardo, Vice-Consul; Mr. Hatling, Vice Consul for the United States at Cowes; Capt. Higgins of the United States Mail steamship Hermann, and Mr. Cornelius Grinnell, son of the proprietor of the American Arctic Expedition. Her Majesty, having received a cordial welcome, and inspected the vessel, retired amid enthusiastic cheering.

FRANCE.

An editorial in *The Moniteur* on the Neufchatel affair had attracted considerable attention. It speaks in harsh terms respecting Switzerland.

The Prince of Prussia, now at Paris, is the bearer of an autograph invitation to the Emperor Napoleon to visit Berlin in the Spring. It is said the Emperor has accepted the invitation.

A deputation of Moldo-Wallachian Boyards in Paris have presented addresses to the Emperor in favor of a union of the Principalities.

PRUSSIA.

Prussia is making great preparations to move against Switzerland. Considerably more than two army corps, as a first intended, will be mobilized for immediate service.

SWITZERLAND.

A Paris dispatch says that a friendly Power (no name) is understood to have suggested that Switzerland should be required to accede to Prussia's demand for the release of the Neufchatel prisoners by a collective note from the Powers which signed the protocol of London. This would enable Switzerland to make an honorable retreat.

NAPLES.

Correspondence from Naples contains an account of the trial and last moments of Milano.—When asked how long he had contemplated this act, he replied, "Ever since the King perjured himself." On the scaffold his demeanor was firm. The soldiers of his battalion were deeply moved, and some of the officers wept. Some of the English residents at Naples have presented a letter of congratulation to the King.

GENERAL NEWS.

The fall of Herat from Persian source is confirmed. Accounts show the defence to have been bravely sustained. The city was only given up when all hopes of defending it successfully had disappeared. In England a strong feeling is getting up, inimical to the war with Persia, arising out of this siege. A meeting had been held at Newcastle upon Tyne to denounce the piratical expedition against Persia, and on Friday night bills were posted about London, warning soldiers against taking part in the "piratical invasion of Persia.

Berlin letters assert that the marriage of Prince Frederick William of Prussia is to take place on the 21st of November next, the day on which the Princess Royal of England completes her 17th year.

The Duke of Ossuna, charged with a Diplomatic Mission Extraordinary from Spain, arrived at St. Petersburg on the 9th of December.

The navigation of the Baltic was re-opened on the 14th of December, and several ships released from the ice.

From Constantinople, under date of December 8, we learn that the Persian Government had issued a proclamation recognizing the English declaration of war. The British had taken the islands of Ormus and Karak.

The Prussian General, Philipson, has retaken Sejouk Kaleh, after a gallant defense by the Circassians.

Address of the State Central Committee, to the Republicans of Wisconsin.

Madison, Dec. 4th, 1856.

[CONCLUDED.]

The active liberty loving sentiment of the country, whether of whig, free-soil or democratic antecedents, has united to sustain Fremont. The Literature of the Country has blazed with enthusiasm for Fremont, and its most brilliant lights have led the republican column through the canvass. The independent press, whether primarily devoted to agriculture, science, the arts, literature or religion, has advocated the election of Fremont, and dealt great, sturdy blows for freedom in the contest. The religious sentiment of the Country, true to its obligations to defend freedom of conscience and the rights of man has sided with Fremont. Finally, the young men, the hopeful men, the progressive men, the really union loving men of the nation, have almost unanimously sustained the Republican cause and the Republican candidates. Wherever there are free schools, free presses and free churches wherever freedom of opinion is tolerated, free suffrage guaranteed and guarded, the supremacy of law maintained over violence, disorder, fraud and injustice, there the vote for Fremont is almost unanimous.

Still we are overborne. By what? The answer is proclaimed in the result of the election. *Slavery* has voted unanimously for Buchanan.—*Superstition*, in every form of bigotry and dead formalism, has, either directly or indirectly, aided Buchanan. *Ignorance* has toiled for Buchanan with an almost frenzied hate of its opposite intelligence. *Vice* has strained every nerve for Buchanan, because the conscience of the nation supported Fremont. *Venal place-men*, to whom politics are confessedly "a regular game," and the winning side always right enough for their purposes, have supported Buchanan and retailed the lies and perpetrated the stupendous frauds of the canvass, with the keen zest of spoilsmen. Old Hunkerism, in its maligant hatred of progress and reform, and its contempt of popular intelligence, has found its natural affinity in the ranks of an apostate democracy. Disunionists, plotting the destruction of the confederacy to rear on its ruins the structure of a Southern Dynasty, have supported Buchanan, because that conclave of northern doughfaces and southern conspirators convened at Cincinnati pledged the prostitution of the power, patronage and revenues of the general government another four years' term for the extension and aggrandizement of southern slavery. Wherever free schools, free presses and free churches are proscribed, and everything with the prefix "free" which distinguishes and beautifies our northern civilization, is hated—wherever freedom of opinion is not tolerated and free speech is a crime—wherever the vote by ballot is denied and free suffrage is a farce—wherever men are lynched for conscience's sake, and honest men tarred and feathered for being honest men—wherever vice and ignorance congregate, and such a thing as conviction in matters of politics is a mockery—there the vote is as certainly, naturally and universally for Buchanan and slavery, as in the honest, intelligent, law-abiding, rural communities of Wisconsin or New England it is for Fremont and Freedom.

The combination of bad men and traitors has proved too powerful for the union of good men and patriots.

Is the Republican organization to be dwarfed, disheartened or discouraged by this check in its hitherto triumphant progress? Shall we abandon this noble structure of a popular government to the control of the elements in our social system the most hostile to free institutions?—Shall we formally surrender to the slave power and its parasites perpetual supremacy? No! we must now win by a four years' constant struggle the deliverance to our misgoverned country we hoped to achieve in a single campaign. We must reproduce the zeal, the earnestness, the disinterestedness, the fidelity to our cause and to each other which have signalized the late canvass, and make them *habitual*. "On the side of the oppressor is power," on ours truth, justice, the progress of the age and the hopes of humanity. The crisis of our country's danger is not passed—it has only begun. We believe the policy of the power for whom the battle against us has been fought and won, will be a bold one, revolting to every sentiment of justice and humanity. The North has hitherto been so forgiving of injuries, so fitful in its sense of injustice, so lenient in its judgment of its own traitors, that it is no longer offered even plausible compromises as the price of concession; but slave-driving arrogance exacts submission to its most insolent demands as its *right*.

It may be, however, that the new administration will try assumed moderation and hypocritical concessions as temporary sedatives to the present newly awakened and terrible indignation of the North. But this we know for surety, that southern avarice and ambition are thoroughly inflamed—that the extension of the arena of human bondage by the power and revenues of the general government, and the secured ascendency of the slave power in the national councils, are irrevocably determined. The intelligence of the North must be quickened—the conscience of the North aroused, until every subtle movement of policy shall be detected and thwarted by a firm northern purpose, every bold aggression meet a manly resistance. If we abandon the organization we have already effected—if we let go the hold upon public confidence we have already gained, where can we look for an organization to work the triumph of liberty. The work we have to do cannot safely be deferred to another Presidential election. We dare not risk issues of such moment upon the more force of excitement and fury in a canvass. The excitement of the present hour must be hardened into a constant purpose—the outraged sense of justice at the North become enduring conviction. The work must begin NOW, and increase in earnestness until a final decision is obtained for Justice and Liberty. We must agitate and educate the public mind until these calamities are overpassed.

The Republican party stands pledged to each other and before the world—

To the defense of the right of Free Labor and Free Immigration to Free Homes in the Territories of the Union—

To the complete restoration of Freedom to the control usurped by a slavery aggrandizing despotism, of the policy, powers and patronage of the General Government—

To affording our brethren, the down-trodden non-slaveholding whites of the south, the full measure of aid to their enfranchisement and elevation which fidelity to our own privileges and duties will communicate—

To stand by the cause of Free Kansas, aiding her citizens to repel invasion, hitherto countenanced by the Government, ministering to their necessities, alleviating their privation and wants, and strengthening their number by a vigorous and constant stream of emigration from the free North, until the freedom of Kansas be established—

To the limitation from further extension by the authority and revenues of the government, of the great crime and curse of human slavery, that it may by limitation die—

And, finally, to bringing back to the public service, the pure integrity, the simple, old time honesty of early Republicanism.

With these, the only living issues of our politics, all our own—with a party organization combining more intelligence, greater sincerity of conviction and earnestness of purpose, and more of that disinterested patriotism which labors without the rewards of place and power, than at any other party since the Revolution—and the whole period of its existence brilliant with success beyond any example in political history—the duty and interest of the Republican party is plain.

Reorganize your Republican Clubs, and set at once to the work of canvassing for recruits to the ranks of Liberty; hold frequent meetings for discussion and mutual information; and procure the best speakers within your reach, to enforce, by maturely digested lectures, the principles and policy of the Republican organization—

Increase the circulation of your local Republican papers—of the leading Republican papers of the State—and of the ablest eastern journals advocating our cause; selecting, with careful reference to the temperament and habits of thought of each reader, the paper best suited to his thoughts—

Procure and circulate freely the best documents, essays, and tracts treating on the political and moral bearing of slavery, the interests of Free Labor, and advocating just notions of Human Rights and their political guarantees.

Procure libraries of the best works bearing upon the great issues of the times, and the most thorough and reliable histories of the excesses of the slavery usurpation; read and circulate these books—glean and disseminate the information they contain, until there be not an uninformed or indifferent voter within the Territory covered by your organization.

Clubs in our cities and larger towns should avail themselves of the popularity of the Lecture System as a means of popular instruction, procuring the ablest and most attractive public speakers to enforce Republican truth by more careful and elaborate argument and statement than the excitement of an election canvass will permit.

The great mass of awakened and excited intellect enlisted in the Republican movement demands constant food and employment.

Report the officers of each club to the State Committee, that they may be in the way of communicating with every local organization.

Measures should at once be taken to place the Republican Journals printed in foreign languages, located at the most important points, on an independent footing, and to extend the circulation and consequent usefulness of all our foreign papers.

A cordial fraternity of feeling should be cultivated between the conductors of Republican papers—the more active Republican workers, the entire membership of the Republican party.

Omit not to exercise your local organizations in their full force and efficiency at every local, county and general election. The advantages of habitual co operation and local party preponderance are obvious.

Put forward none but reliable, trustworthy men for any office of public trust—and create, diffuse and stimulate a corrected public sentiment that shall inflexibly regard *venality in public servants among the most flagrant crimes.*

Leave none of these duties to party managers, political aspirants and selfish men; but let every voter become a worker for Freedom and Reform, until the really *free* States are brought to one unanimous public sentiment, jealous and brave for the defense of human rights, and the administration of our noble form of government restored to its early purity and fidelity to justice and the constitution.

THE HYATT HOUSE, JANESVILLE.—The Janesville *Free Press* contains a description of the new hotel now in process of erection in that city, designed to be one of the largest and best public houses in the country. It is 160 ft. front, and 6 stories high, with a basement. We copy from the *Free Press'* description:

In the basement there is a large billiard room, with saloon attached, ninety-four feet long and forty feet wide. On the first floor there are eight store rooms, five of which are each one hundred feet long and twenty wide, well lighted and ventilated—a bar-room and the kitchen proper.

On the second floor there is a dining hall eighty six feet long, forty wide and sixteen feet in height. Also, eight parlors two of which are forty feet and twenty wide—a reading room, office and sixteen other rooms. The office, Reading Rooms, Parlors on this floor, ante-room and dining-room are to be painted in Italian Fresco.

The third, fourth and fifth stories contain, each eight parlors and thirty-six large bed-rooms,

Water will be forced into the reservoir by a large force pump situated over four hundred feet from the building. Fire plugs are placed in each story and so arranged that a copious supply of water could be procured in any part of the building at any moment. A cupola twenty feet square at the base will stand in the center of the roof. The top of the flag-staff will be one hundred and eighteen feet from the ground. A. Hyatt Smith is the proprietor, and W. Robinson the architect, who has charge of the work. The building and lot whereon it stands is valued at $140,000.

PACIFIC RAILROAD.—An exchange says:

The House Committee on Public Lands have agreed to report the Pacific Railroad bill gotten up by T. Butler King and Robert J. Walker, both of whom are here. The bill will be matured in a day or two.

One would suppose, that, by this time, any scheme fathered by those two men would be scouted at once as a humbug.

A Sunken Vessel and Frozen Crew.

Captain Winslow, of the schooner Minerva, at Fall River, from Baltimore, reports that on the morning of the 23d ult, anchored near Hereford Inlet, N. J., and shortly afterwards saw a fore-and-aft schooner full of water, with one man lashed in the fore rigging, and others of the crew in the tops, all apparently having been frozen to death. The schooner remained in sight till the 24th, but it blowing heavily all the while, Capt. Winslow was unable to go to her.

Excitement in Jackson and Canton, Miss.

[From the New Orleans Crescent.]

JACKSON, Miss., Dec. 21.—Our town is in a perfect state of excitement to-day, in consequence of rumors of an intended negro insurrection, to take place during the holidays. The Mayor has issued a proclamation, calling upon the citizens to organize and crush the insurrection and rebellion in its bud. Twenty-seven negroes have been arrested this morning. The extent of the plot is not known. Feelings of doubt and anxiety are universal. Our citizens are in a fearful state of excitement. The particulars of this excitement are hard to obtain; and, although universal, the origin and foundation are very difficult to ascertain. Rumors from Canton, Miss., also have reached us of a similar state of affairs. How far North Alabama may be in danger we cannot say with certainty, but there are rumors of rebellion in that quarter.

MARRIED.

In this city Dec. 31, by Rev. Mr. Keene, Mr. JOHN GILLARD, to Miss E. L. BECK, both of this city.

In this city, Jan. 1st, by Rev. D. Keene, D. D, Mr. ELMER C. TINSLEY, to Miss ANNA E. DOWNING.

DIED.

On Saturday, at 12 M., EMMA JANE PLANKINTON, daughter of John Plankinton, aged five months and three days.

The funeral will take place on Monday, (to-day) at 10 o'clock, from their residence on Fourth Street, near Spring. The friends and relatives of the family are invited to attend without further notice.

Hides and Leather.

From the Newburyport (Mass) Herald.

Our hides come principally from Africa and South America. The demand for hides, as every one sees, from their waste in not half tanning, and the further waste in not half making the shoes, and from the extending markets, is vastly greater than it was ten years ago; while the means of supply have diminished in the same period. The importation of skins from Africa remains pretty much the same. From the northern part of South America, the highest prices bring some addition. But our principal field was further south, upon the country watered by the La Plata and its tributaries. On these immense plains, the half civilized herdsmen had collected great numbers of cattle, to which there appeared to us sad to them to be no end; but we have proved the contrary. In the revolutionary and disturbed state of the governments, they found that cattle were more likely to be seized and lost than gold and silver which could be concealed, therefore they killed off, and changed their property into money.

Everybody acquainted with the business will recollect how many kip-skins—the hides of half grown animals—came to New York, Boston and Salem several years ago. Now the whole world is suffering from the want of those very animals, which were not allowed to come to maturity. The Buenos Ayreans thought themselves doing well formerly, with hides at 8 and 10 cents a pound; and when they reached 12 cents they sold as largely as they could and keep the stock good; now they sell the same hides on the same spot for 25 and 27 cents, and encouraged by the price, kill all they can, and thus keep the herds small and the markets bare. When hides were 12 cents in South America, the importers were selling them at 14 here; now, the last cargo of hides arriving at Salem which cost 27 cents abroad, sells at 29—more than double the capital, and an increased cost of sailing vessels, yielding but the same gross profit, two cents on a pound. This is the reason why the prices of leather, in five years, have gone up from 25 cents a pound to above 40; and yet the tanner does not clear as much, since it requires more capital to do the business, and labor, bark, &c, are higher, and the leather will not bear the same advance as when the raw material is low. The same is the case with the man who works the leather into shoes.

The editor discusses the feasibility of obtaining a sufficient supply of hides from present or contingent sources, and comes to the conclusion, that an increased supply cannot be looked for. He says:

But that the civilized world may be supplied with leather, we must have reforms. It must be tanned better; it is now burned up and destroyed. Then it must be worked better; shoes must neither break out or rip, but wear out; and as we add to their real worth, the price must go up in proportion. If this be not so, leather will fail, and some substitute must be provided, or we must go barefooted.

Dalley's Magical Pain Extractor.
THE great and principal characteristics of DALLEY'S MAGICAL PAIN EXTRACTOR consist:
1st. Of its never-failing and unique property, as soon as applied to any external injury, TO CHECK INFLAMMATION instantly, and rapidly to reduce it. This feature constitutes its great power to alleviate the pain of burns and scalds, and of other painful diseases, in so incredibly short a space of time, and as will appear from the few testimonials hereunto annexed. Every intelligent mind is fully aware that, in all cases of external injury, the pain is produced by inflammation of the injured parts; and, therefore, if you remove the cause the effect must cease.
2d. Its purificative properties neutralize the poison that may lurk in the system, and will, when applied to the sores, draw rapidly all impure matter to the surface, and eject it—hence the great discharge it produces from sores occasioned by burns—and when applied to old, inveterate sores, Salt Rheum, or other cutaneous diseases.
Each box of GENUINE DALLEY'S PAIN EXTRACTOR has upon it a Steel Plate Engraved Label with the signatures of C. V. CLICKENER & CO., proprietors, and HENRY DALLEY, manufacturer. All others are counterfeit.—Price 25 cents per box.
☞ All should be addressed to C. V. Clickener & Co., 81 Barclay street, New York.
Sold by all Druggists and Medicine Dealers throughout the United States. oct11d112d&w3m

Meeting of the Bar.

At a meeting of the Members of the Milwaukee Bar, held on the 3d day of January instant, on occasion of the death of FRANKLIN RIPLEY, JR., Esq., Hon. D. A. UPHAM, President pro tem., in the Chair, after remarks by various members of the bar expressive of their estimation of the deceased, socially and professionally, on motion of O. H. WALDO, Esq., the Chair appointed O. H. WALDO, A. R. R. BUTLER, and PETER YATES, Esquires, a Committee to draft resolutions expressive of the sense of the Bar on the occasion, who reported the following:

Whereas, We have heard with unfeigned regret of the sudden death of our late brother, FRANKLIN RIPLEY, JR., therefore,

Resolved, That while we desire suitably to recognize, in this afflictive and inscrutable Providence, the hand of a wise and kind father, we cannot repress the expression of our grief at this unexpected and painful blow.

Resolved, That in the death of FRANKLIN RIPLEY, JR., we have lost one whom we have long known and highly esteemed for the good and excellent qualities both of mind and heart which have ever characterized him, and which will endear his memory to a wide circle both in and out of the body of our profession; who coming hither at a comparatively early period of life, hath unobtrusively made his way alone to a very enviable position of respect and confidence in this community, where at the time of his death he was almost universally known and universally; beloved who to quick and high intelligence added a modest deportment, and those rare social powers which in a very unusual degree he had preserved amid the perplexing cares and labors of an active career, and whose whole course while he was with us was a daily lesson of liberality, honor and integrity in the more public relations, and of purity and consistency in private life.

Resolved, That, while we as his professional brethren mourn his loss, we know in his death what ties far nearer and tenderer than those which bound him to us have been sundered, and we tender our sincerest sympathy and condolence to the immediate family of our deceased brother, in this the hour of their sorrow, from whom the husband and father hath been so early and so quickly taken.

Resolved, That the Bar attend the funeral services of our deceased brother in a body, and that we adopt the usual badge of mourning for the period of thirty days.

Resolved, That the Clerk of the Circuit Court be requested to enter these resolutions and proceedings in the minutes of the Court, and that a copy thereof be transmitted to the family of the deceased, and also to the City Press for publication.

Which were on motion of J. H. VAN DYKE, Esq., unanimously adopted.

NEW GRANADA, or Twenty Months in the Andes; by ISAAC F. HOLTON, A. M., Professor of Chemistry, &c., in Middlebury College; HARPER BROTHERS, publishers, N. Y.

We are indebted to WILSON for a copy of this new and racy book of travels. The readers of Harper's Magazine, and of the N. Y. *Tribune*, have already made the acquaintance of the author, as lengthy notices of and extracts from the book have already appeared in the columns of those papers. But the real book of the Yankee professor is here, and, if he never writes another, his fame is made.

The publishers have done it full justice, giving it to the public in a handsome, large octavo of near 600 pages, with graphic illustrations of the text. The Professor had his eyes and ears about him while "among the Andes," and few prominent features of the scenery escaped him, while his narrative of his intercourse with the people is peculiarly interesting, giving, as he does, altogether the most readable of their ways of thriving, thinking, and talking, that has yet been furnished to the public. We should like very much to transfer some of Mr. HOLTON's graphic sketches to our columns, but our space forbids, and we must content ourselves with recommending all who wish to know about our South American neighbors, to purchase and read the book.

DEATH OF A CHILD.—A little boy about two years old, a son of a man named Lindsay, either died or was killed under somewhat mysterious circumstances, on Friday night. The woman, who was the child's mother, is addicted to drinking, and frequently gets drunk, and it is said was going up stairs with the child in her arms and fell; the child lived a short time after the fall. The Police took the matter in hand, and procured the attendance of Physicians, who, we understand, pronounce the child's death as natural; although we are assured by several there were bad bruises on the child's body. Lindsay, it was well known to the neighbors, was very much attached to his children, but was cursed with a drunken wife, and it is not improbable that the death of the child was caused by the fall of his drunken mother, when being carried up stairs. An *inquest* would have satisfied the public mind—the object for which the statutes "Of Inquests of the Dead" was passed.

PROMPT INSURANCE CO.—On Monday last, the papers relative to the burning of the Globe Iron Works of this city were forwarded to Mr. J. B. BENNETT, the efficient General Western Agent of the (Hartford) Aetna Insurance Co., at Cincinnati, Ohio, by Mr. W. J. WHALING, the agent here, and on Saturday the amount of the insurance—$5000—was received by the proprietors, Messrs. LEE & CO. We call that prompt and honorable dealing, worthy of notice.

We learn that a portion of the Works have been so far repaired that the moulding floor and blacksmith shop are in operation again, and that the steam hammer will be at work in 10 days more.

COMMON COUNCIL.—At the meeting of the Common Council on Saturday Evening, a committee was appointed to examine and report on Howland's new fire engine.

An ordinance was introduced for the issue of $140,000 of 20 year bonds to meet the bonds soon coming due. The ordinance only received 10 votes to 1 against it, and a majority of the members elect being required, it was defeated. Ald. Taylor defeated the ordinance, for reasons which were not clearly understood, but on a subsequent vote it passed.

DR. BOYNTON'S LECTURE.—A very large audience assembled on Saturday evening, to hear Dr. Boynton's second lecture, but, unfortunately, he was prevented from reaching the city, by the storm, which has again blocked up the roads west. He will be here, beyond a doubt, so as to deliver the lecture *to-night*, and it is one of the most interesting of the course. We don't believe he will be caught in such "a fix" again.

ORATORIO OF THE CREATION.—This week is to be signalised by the production, by the Milwaukee Musical Society, on Thursday evening, of Haydn's sublime Oratorio of the "Creation." The performance is for the benefit of the accomplished and painstaking Director, Mr. JOHN BALATKA, and the music and the object of its performance will combine to draw a full house.

HOWLAND'S FIRE ENGINE.—At the trial of the new engine on New Year's Day, it threw an inch and three-eighths stream of water, through a hundred feet of hose, to the distance of 165 feet. The stream was a solid one, betokening very great efficiency for the machine at a fire.

McS. & Co., have the New York papers always on the arrival of the Lake Shore trains.

GOOD REMEDIES.—Herrick's Sugar Coated Pills and Kid Strengthening Plasters have proved themselves a real blessing to the human race. The number of persons they have cured positively defies belief, while the immense amount of these articles annually sold, exceeds the sale of all remedies of a similar nature combined.—Have you ever been sick? If so, you know how anxious you were to get well. If you know of a friend languishing on a bed of anguish and misery, recommend Herrick's Pills and Plasters. Full directions how to use them go with each article. 25 cents and 18¾.

BOSTON, Dec. 30.

This P. M., after 6 hours deliberation, the jury in the case of Wm. S. Tuckerman, charged with defrauding the Eastern Railroad Corporation, rendered a verdict of guilty. Hon. Rufus Choate, counsel for the defendent, filed a bill of exceptions on certain points of the trial which will be argued before the final disposition of the case. Tuckerman remains at large on bail. The present verdict was for appropriating 5000 dollars. Numerous other indictments are pending against him.

John Ferris was before the police court to-day, charged with obtaining nearly $4000 from several Boston banks in October last, by forging checks. Mr. Ferris, who is quite a young man, has been travelling in Europe since the alleged forgery, and returned in the Niagara, when he was promptly arrested and committed to answer.

A severe storm of snow and sleet commenced here this evening, with a strong gale from the north east.

LESSONS IN Foreign Languages.

MR. AND MRS. L. S. B. DE CRETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Crety furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M.. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

To MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

BAYLIES & LINCOLN'S Milwaukee Commercial College

212 and 214 East Water St.,
MILWAUKEE, - - WISCONSIN.

THE proprietors of the Milwaukee Commercial College would respectfully announce that the liberal patronage that has been extended to this deservedly popular enterprize has led them to extend the field of study, so that it will embrace every branch of a thorough Commercial Education. As there are no classes formed in any department of study—(thereby enabling the student to enter any time, each one receiving separate instructions)—the student, on entering, is placed in the Counting Room, with actual transactions to work from, thus making his education not merely theoretical, but practical to the last degree. The Commercial Course comprises Book Keeping by Double Entry, in its various forms, as adapted to Wholesale, Retail, Commission, Manufacturing, Custom House, Banking, Railroading, in stock partnership, and compound Company business, Commercial Calculations in per centage, Exchange, Bank and Regular Discounts, Averaging, Accounts by Simple and Compound Equations, &c., according to the most approved methods. Commercial Correspondence, including account sales, account currents, drafts, bills of exchange, &c., &c.

Also, a perfect system of detecting Counterfeit Bank Notes, will be given to each student.

A good Hand Writing guaranteed to every person completing a full course.

During the Seasons, Lectures on Commercial Law will be delivered by eminent legal and business men, and no pains will be spared to make this department particularly attractive.

The Reading Room will be supplied with the various Daily and other papers and publications.

Particular attention will be given to Ladies who may wish to acquire a business education, and separate rooms have been beautifully fitted up for their use.

Merchants and other business men are informed that, at any time, by a few days' notice, they can be supplied with competent Accountants, and young men will be assisted in procuring situations when desired.

For terms and other particulars please address

MISCELLANEOUS.

TO THE CITIZENS OF MILWAUKEE,
And the Public Generally:

EXPELLED FROM MOBILE, ALABAMA, under the charge of selling incendiary or Abolition books, in which city I had built up the largest and most profitable book and stationery business done at the South, I have selected my new home in Milwaukee, and united my future welfare to the very promising destiny of that city. Compelled to move my stock from Mobile, I have brought it to Milwaukee, and propose to carry on here a FIRST-CLASS

BOOK, STATIONERY,
— AND —
PAPER ESTABLISHMENT!!
Wholesale and Retail!

Where EVERYTHING, in either branch of such business, can always be found,

At Prices which must Prove Satisfactory!

Also, a large variety of
UNIQUE FANCY ARTICLES;
SUITABLE FOR
CHRISTMAS, NEW YEAR
— AND —
BRIDAL GIFTS.

In offering myself as a candidate for a share of public patronage, I would assure the citizens of Wisconsin that I am satisfied, from the unusual facilities I possess in purchasing goods, and a thorough knowledge of my business that it is for their interest to call and examine my stock and prices before purchasing elsewhere.

I have been unable to rent a store large enough for my business before next Spring. I have therefore temporarily located at

No. 200 East Water Street,
TWO DOORS SOUTH OF WISCONSIN STREET,

Until I can secure a suitable stand.

Merchants from the country, teachers, and all others buying wholesale bills, are earnestly requested to examine my stock and prices.

WILLIAM STRICKLAND.

☞ To those curious in such matters, I would say, a plain statement of the facts connected with my expulsion from Mobile, detailing the circumstances, the action of the Vigilance Committee, and the way I escaped, can be found in Strickland's North-Western Almanac for 1857, which will be published in a few days, and distributed gratuitously.

IMPORTANT TO EVERYBODY.

FOR the last three years, I have been engaged in a business known only to myself, and comparatively few others, whom I have instructed for the sum of $200 each, which has averaged me at the rate of $2,000 to $3,000 per annum; and having made arrangements to go to Europe in the Fall of 1857 to engage in the same business, I am willing to give full instructions in the art to any person in the United States or Canadas, who will remit the sum of $1. I am induced from the success I have been favored with, and the many thankful acknowledgements I have received from those whom I have instructed and who are making from $5 to $15 per day at it, to give any person an opportunity to engage in this business, which is easy, pleasant, and very profitable, at a small cost. There is positively No Humbug in the matter. References of the best class can be given as regards its character, and I can refer to persons whom I have instructed who will testify that they are making from $5 to $15 per day at the same. It is a business in which either ladies or gentlemen can engage, and with perfect ease make a very handsome income. Several ladies in various parts of New York State, Pennsylvania, and Maryland, whom I have instructed, are now making from $3 to $8 per day at it. It is a GENERAL BUSINESS, and but a few shillings is required to start it. Upon receipt of $1, I will immediately send to the applicant a printed circular containing full instructions in the art which can be perfectly understood at once.

All letters must be addressed, post paid, to A. T. PARSONS, 335 Broadway, New York.

HEALTHY BREAD!

MADE WITH
JAS. PYLE'S DIETETIC SALERATUS.

THIS article is deprived of the caustic impurities, so well known to exist in all common Saleratus, therefore dealing destruction to thousands not aware of its injurious qualities. So destructive is it to the constitution of children, that where they and the parents have been regular consumers of Saleratus Bread, there is but little chance for recovery from infantile or contagious diseases. In this way thousands meet with premature Death—the sad reality of which is forcibly demonstrated, in the mortality among children, in the New England and other States, where warm bread and cake is so generally consumed.

JAS. PYLE'S DIETETIC SALERATUS

Is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels having powerful raising properties, and is altogether superior to Baking Soda. No intelligent lady will dispute this after trying it.

It is packed in pound packages, each bearing the name of James Pyle, without which it is not genuine. For sale by John Furlong & Co., C. A.
